

Whittlesea Primary School Acceptable Use Agreement Yrs. 3-6

Failure to sign this document will result in being unable to use technology at school.

- I will only access Digital Technologies equipment when a trusted adult has given me permission and is present.
- I will only use EduStar for internet access at school, not a hotspot or VPN.
- I will not deliberately look for, save or send anything that could make others upset.
- I will immediately inform an adult if I see something that worries me, or I know is inappropriate.
- I will keep my username and password secure; this includes not sharing it with others.
- I understand what personal information is and will never share my own or others' personal information such as phone numbers, home addresses and names.
- I will always use my own username and password to access the school network and subscription services.
- In order to help keep me and others safe, I know that the school checks my files and the online sites I visit. They will contact my parents/carers if an adult at school is concerned about me.
- I will only use school-approved applications and sites when I am at school.
- If I willingly break any school technology, I and/or my parents will have discussions with Whittlesea Primary School to pay for repairs.
