Enter your reflective comments	<p>In 2022 the school had its first uninterrupted year following the interruptions of COVID. With unprecedented challenges in human resourcing, high absence rates and the presentation of significant wellbeing needs, our school was impacted as many others were. With a narrowed focus on wellbeing and learning, the school provided extensive supports in both areas and staff were dedicated in their commitment to supporting students. There was growth in key strategic areas such as student voice, but some planned activities were threatened by contextual challenges.</p> <p>A stable and experienced leadership profile is a positive when considering 'Leadership' within FISO 2.0. The addition of new leaders and development of aspiring teachers has also been reflected upon positively. Post covid has also allowed the school to reengage partnerships which had been affected by interruptions. WPS has returned to active Community of Practice participation and leadership / teachers have been able to attend offsite PL and school visits to develop professionally.</p>
Considerations for 2023	<p>The school has a well-established positive culture which is the basis for school improvement. In 2022, there was a desire to raise academic emphasis which had to balance with greater than ever wellbeing needs. For 2023, the balance of the two core priorities will remain and growth in these areas is a priority. An exciting direction is in place for the year ahead. The commitment to Harvard Data Wise is a key improvement strategy which will complement the school's work in PLC. The improvement process brings improvements in collaborative work, data literacy and inquiry for improved teacher practice. A return to formalised and planned peer observations will enable a richer professional learning culture. Resources such as</p>

	Meeting Wise will transform how and why we meet and ensure teachers are efficiently working together for school improvement. Other initiatives such as The Resilience Project, See Saw, Pivot surveys, Student Voice Teams and more will all look to add value across key areas of the school.
